

THE MARQUIS ITO AND M. DE NELIDOF---MAYBE

These Tipped as Plenipotentiaries in the Peace Conference.

The Place of Meeting Not Yet Decided on---Tone of Russian Advices Still Skeptical.

Washington, June 13.—Marquis Ito, the great constructive statesman of Japan, who was forced from office in 1895, because of compliance with Russia's demand to withdraw from Manchuria will be the plenipotentiary of the Japanese emperor in the impending peace negotiations.

M. de Nelidof, ambassador of Russia at Paris, who negotiated and signed the celebrated treaty of San Stefano, following the war between Russia and Turkey, will be the plenipotentiary of the czar.

Japan favors Manchuria or some point in north China as the place of meeting of the peace plenipotentiaries. Russia desires Paris. This difference is important internationally and to the two belligerents, and will have to be adjusted through the personal intervention of President Roosevelt.

M. de Nelidof, whom she has selected, is without doubt one of her foremost diplomats. He is a man whose keenness of intellect, whose knowledge of international law, and general diplomatic experience, make him peculiarly well qualified to undertake to save as much of Russia's dignity and honor as is possible under the circumstances.

Without doubt he will have a foe man more than worthy of his steel, Marquis Ito, whose name is on the lips of every Japanese, and who is widely known in America and Europe, is the man who made modern Japan, who early in his youth went to the west to learn the arts by which the west conquered the east.

It was Marquis Ito who yielded to the war sentiment of Japan in the peace negotiations with China to demand the cession of the Liaoting peninsula to his country, who reluctantly relinquished it at the cost of his office in order to prevent war with Russia, Germany and France, who was responsible for the Anglo-Japanese alliance which made the humiliation of Russia possible, and who now will be charged with the onerous task of making his ancient enemy surrender the territory which is wrested from him.

Chair Russia Only Rejects Indemnity.
Paris, June 13.—A dispatch from St. Petersburg to the Belar gives the alleged detailed peace conditions of both sides, the Japanese conditions numbering eleven and the Russian ten. These are practically the same as former speculative conditions, namely, an indemnity of \$550,000,000 a Japanese protectorate over Manchuria and Korea, the cession of Port Arthur and part of the trans-Manchurian railroad to Japan, forfeiture of the interned warships, the withdrawal of Russian warships from the far east for a period of twenty-five years and the occupation of Vladivostok until these conditions are fulfilled.

The Russian conditions, according to the dispatch, reject the question of indemnity, and give a qualified acceptance of the other terms.

Europe in the Dark.
London, June 13.—Europe is entirely without any information in regard to the progress of peace negotiations. The feeling is growing, however, that President Roosevelt will bring about the negotiations undertaken through his initiative, to a successful end.

Russia to Raise Money.
St. Petersburg, June 13.—It is reported the government is considering the question of selling the island of Sakhalen to some foreign power. The money secured as the purchase price might be applied on the indemnity which Japan in all probability, will demand as the price of peace.

Russians Fared Badly.
Tokio, June 13.—An official announcement is made at the headquarters of the Imperial army that a detachment of Japanese cavalry succeeded in dislodging Russian cavalry in the vicinity of Hsi Ying Tau, six

miles south of Liao Yang Wopeng, Hsinpinging, two miles southwest of Hsinying, was occupied.

Another Japanese force defeated the Russians near Shaochengtau, 18 miles north of Kangping and Kaohiawopeng, two miles northeast of Shaochengtau. In addition, an eminence was occupied north of Shaochengtau, two miles east of Kaohiawopeng, and ten miles west of Liao Yang Wopeng.

Cause of the Defeat.

Vladivostok, June 13.—A series of interviews which the correspondent of the Associated Press had with naval officers who survived the battle of the Sea of Japan has developed a most sensational story of the causes of the Russian defeat.

First of all the complete demoralization which followed the sinking of the flagship Kutuzovoff and the wounding of Admiral Rojestvensky. It is explained that not a single officer of the fleet knew the commander-in-chief's plans. The admirals in command of divisions knew no more than the sub-lieutenants and had to rely entirely on the signals of the flagship, Admiral Nebogatoff, upon whom the command devolved, had seen Rojestvensky only once after the juncture of their squadrons and then only for fifteen minutes.

All the stories of extensive target practice in Madagascar, it seems, were false. During the entire voyage there practically was no training in gunnery worthy of the name, and the big gun practice was confined to three shots per vessel.

Rojestvensky's position was cramped and his transports were badly placed and caused confusion. While the Japanese were firing projectiles even from machine guns on the Russian ships the latter were thronged and ships the latter were huddled together, blanketing each other's fire. Only the leaders of the columns could bring their guns to bear, and even those of the untrained gunners fired wildly. To render matters worse, the mines and floating torpedoes down in the paths of the Russian divisions added to the confusion. The Hordurine, Admiral Nakhimoff and Navarin fell victims to these obstructions.

It is a heartrending narrative that Russia and the world should know. The sailors and officers were not altogether to blame. The main fault lies elsewhere. There were many heroes among the Russians. Capt. Berkh, for the Oslabya, committed suicide on her bridge as the ship sank rather than save himself. There were thousands of other heroes whose names the world will never know.

Conferring on the Peace.

Washington, D. C., June 13.—Active exchanges of communications between the Russian and Japanese governments through the medium of President Roosevelt are now going on as to the place and time of meeting of the peace commission.

Among the places mentioned for the meeting are Washington, Newport, Manchester by the sea, Geneva, The Hague, Stockholm, Mukden, Chifu. The argument against Washington is that the weather would be uncomfortable for the summer session.

Russia Not Certain.

St. Petersburg, June 13.—In well informed circles the opinion is expressed that rumors giving such a hopeful outlook for peace on the strength of negotiations opened, has exaggerated Russia's official views. It is pointed out that nothing is known yet and nothing is established except her willingness to meet Japanese plenipotentiaries. Peace it is believed, is still doubtful.

Formed Acceptance.

Washington, June 13.—The president received from Ambassador Meyers a cable dispatch conveying the formal acceptance of the Russian government of President Roosevelt's

ENGINEER'S THROAT CUT BY A NEGRO

Dastardly Attack Made on Engineer Bobbitt at Mayfield.

Negro Said to Be Drunk Out His For Refusing to Give Him a Match.

TALK OF LYNCHING TONIGHT.

Mr. J. W. Bobbitt, an engineer residing on South Ninth street, was seriously cut last night about 12 o'clock at Mayfield by a negro crazed with drink and looking for trouble. The negro has been caught, or a negro supposed to be the one who attacked Engineer Bobbitt, but the engineer says he can not positively identify him.

Bobbitt was pulling the third section of freight train No. 189, and at Mayfield and take the Sun Bros. circus to Eddyville. He had a lay-over of about three hours waiting for the circus to load, and went to sleep on a truck.

He was aroused by a negro who was heavily drunk, and asked for a match. Bobbitt replied that he had none and to go away and let him alone, he wanted to sleep.

Bobbitt raised up off the truck and as he did so the negro caught him in the neck, Bobbitt supposing he had been struck with the fist. The engineer ran into the depot to seize something for defense and then realized he had been cut. As he left the truck he felt another blow strike his back, but this caused no injury.

An examination showed the railroad to be badly cut, the negro evidently using a keen-edged razor which struck the neck bone on the left side and made an ugly gash across his neck to a point under his chin.

The negro disappeared but returned again and was identified as the negro who had asked the conductor for a match. The police arrested him and are holding him pending an investigation to settle on his identity.

Bobbitt was brought to the hospital here and is badly wounded. He stated that he did not get a good look at his assailant and does not think he can positively identify him.

Engineer Bobbitt runs between Paducah and Jackson, Tenn., and although he has been living here only a short time, he is well known and popular among the railroad people.

There is strong talk, according to passengers in today from Mayfield, of lynching the negro tonight.

STILL MISSING.

Not Even a Trace Found of Lyman Wilson and the Big.

The disappearance of Lyman Wilson last Friday in one of Mr. John Terrell's rigs has not yet been ferreted out. Mr. Terrell has heard nothing from the buggy, and as is very unusual in such cases, not even a trace of the young man since he left the city has been discovered. Usually it is comparatively easy to find out which way a man went, but in this case it is not known what direction he took.

The dead horse found Sunday near a buggy close to Clark's tinter bridge, was not Mr. Terrell's. He went out late yesterday to investigate.

MIMIC WAR

ADMIRAL DICKEN'S FLEET "DAMAGED" BY COAST FIRE.

Attack Is Expected on Fort Hunt Tonight—Defenses Are Firm.

To Attack Tonight.

Fort Washington, Md., June 13.—Officers on duty at this fortification and Fort Hunt just across the Potomac are expecting an attack by the hostile fleet of Admiral Dickens tonight. Positive information was received this morning at daybreak that a large part of the fleet is at Anchor off Blackstones Island, about 75 miles below Washington. The Potomac is well mined and the defenses and forts of Washington and Hunt are in a high state of efficiency.

MANY KILLED IN RIOTS AT WARSAW.

Warsaw, June 13.—Martial law has been proclaimed at Litovsk, where fierce fighting has been in progress between the Jews and rioters.

COULDN'T HEAR THE COMING ENGINE

Mrs. Mattie Everets Killed by Locomotive at Tyler.

Was Deaf and Did Not Know the Engine Was Approaching—Instantly Killed.

INQUEST TOMORROW AT 2 P. M.

Mrs. Mattie Everets, of Tyler, a suburb of Paducah, just above Mechanicsburg, on the Henton road, was struck by a light engine this morning at 8 o'clock near her home and instantly killed. She was deaf and unable to hear the approaching train, and it was not until the engine was within a few feet of her that she turned and look back only to be struck the next second and hurled many feet off the right of way.

Mrs. Everets was 54 years of age and resided with her son-in-law Grocer Spann, of Tyler. She had started to Mr. Wai. Sutherland's residence to procure a bucket of milk and had taken on a short cut, following a foot path which crossed the Illinois Central railroad's main line.

When she reached the tracks the engine, which was running light as the second section of the Fulton and Louisville accommodation train No. 122, in charge of Engineer E. L. Bean and Conductor A. E. Finney, bore down upon her. The whistle was sounded and every effort made to stop the ponderous engine, but to no avail.

The woman half turned just as she was attracted by the tremor of the ground, and looked the engine full in the front as it struck her. She was struck in the head on the right side and the skull was crushed. The force of the blow knocked her many feet and death must have been instantaneous, but other than the wound in the head, she was not mangled.

Coroner James Crow was notified of the accident and went out to take charge of the body. He made an investigation, summoned a jury, but decided to postpone the inquest until tomorrow afternoon at 2 o'clock when it will be held at his office in the Paducah Undertaking Co.

The unfortunate woman leaves two daughters, one being employed in the Mergenthaler-Horton Ink and Machine Co.

The funeral arrangements were made this afternoon. The funeral will be conducted tomorrow afternoon at 2 o'clock from the residence of the son-in-law in Tyler interment at the Wood cemetery.

Hoosiers Will Not Come.

There was a move on foot in Vincennes, Ind., to have a big excursion run into Paducah tomorrow to aid the hoosiers to defeat the Indians, but the plans fell through when the Big Four road raised rates. Three hundred and fifty people had subscribed to take a ticket at \$1.50 a round trip but word was received that a rate of \$3 would be charged, and the Hoosier fans backed out. They intended bringing along a band with them.

Married at Metropolis.

Mr. Herbert H. Wallace, aged 21, and Miss Ethel Crowell, aged 18, eloped to Metropolis today and were married at the State Hotel by Justice Thomas Liggett, returning on the Cowling this afternoon.

NO POISON

Analysis of Mrs. Hessig's Stomach Completed This Afternoon.

Prof. Sullivan, master of science at the High school, this afternoon shortly before 3 o'clock finished the analysis of Mrs. Ida Hessig's stomach, and announced that no trace of any kind of poison was found.

"We tested it for every kind of poison," he said, "but found none."

The official report will be made tomorrow to the coroner's jury.

THE REVIVALS.

Good Congregations Attend Those Being Held Here.

The ministers who are to assist Rev. T. J. Newell, D. D., in the protracted meeting started Sunday at the Broadway Methodist church, arrived yesterday and conducted the services last night. They are Rev. H. C. Johnson of Hickama, Ky.; Rev. J. A. Thomas, of Greenfield, Tenn.; Rev. John C. Wilson, of Martin, Tenn.; and Rev. A. C. Bell, of Columbus, Ky., who fills the place of Rev. C. A. Waterfield, of Mayfield, who was unable to attend. These ministers are among the strong young men of the Memphis conference. Messrs. Johnson and Thomas have preached in Paducah before, in a series of missionary tours of the Paducah district. Rev. John C. Wilson was formerly the pastor of the Trimbis Street Methodist church, and is universally liked here.

Rev. H. C. Johnson preached the sermon last night. It was a very eloquent delineation of the character of Barnabas, and abounded with points of practical help for the church of today. A large congregation was present. Before and after the sermon "The Quartet" rendered several songs that were very fine. The singing is to be made as much a feature of the revival as the preaching.

Service was held this morning at 9:30 with a good attendance. Tonight at 8 o'clock there will be a song service followed by a sermon by one of the visiting ministers. Everyone is cordially invited to be present.

The revival at the Trimbis Street Methodist church, last night had a large attendance. Rev. J. V. Freeman, of Huntingdon, Tenn., who is assisting the Rev. W. W. Armstrong, preached an excellent and impressive sermon. The singing is conducted by Prof. W. E. Charles, of Owensboro.

Last night at the Third Street Methodist church there were four conversions. Rev. J. P. Newsome preached a strong sermon on "The Great Salvation." Much interest is being evinced in this meeting, which is now in the third week. The service this morning was especially for the children, and a large number were present.

NO ORDERS

Yet Given Out Relative to Cows and Dogs, It Is Stated.

It was stated this afternoon at the city hall that Chief of Police James Collins has given no orders regarding either taking up cows or dogs, as a result no cows and no dogs were taken up today. It is expected that orders will be given tonight or tomorrow.

The police today began enforcing the ordinance against loitering and sitting in doorways. Officers Cross and Terrell arrested Marion Lucas, Harry Stone and Henry Staaford for sitting in the doorway of a lower Kentucky avenue saloon, and they were fined \$5 and costs in police court hereafter all loafers will be taken in, especially in the business part of the city.

MANY PEOPLE

Watch the Work of the Modern Street Grader on Third.

The Thomas Bridges company today put to work its steam grader, which plows up a street and loads the dirt in wagons along the side of the grader. There had been delay on account of the failure of their machinist to arrive from Chicago and put up the machinery. Many teams are now employed on South Third, and scores of people line up to watch the work which is entirely new in Paducah, and shows how quickly a street may be excavated when the proper machinery is used.

Trouble in the Subway.

New York, June 13.—The bursting of a 48-inch water main on the Murray Hill slope in Park avenue, from which poured tons of water with such force as to make the street a veritable Niagara, flooded the subway, tying up traffic for hours and causing an estimated damage of \$100,000. The roof of the subway is seamed and cracked for blocks. It will require months to repair the road.

Another Rothschild Dead.

Vienna, June 13.—Baron Nathaniel Rothschild, brother of the head of the Vienna banking house, of Rothschild, is dead.

INSTANT DEATH FOR THREE MEN

Desperate Duel in a Blacksmith Shop at Thornhill.

Fend, Caused by Murder, Brought On the Tragedy and Twenty Shots Were Fired.

AN ENTIRE FAMILY WIPED OUT.

Knoxville, Tenn., June 13.—Three men met instant death and a fourth was dangerously wounded in a desperate duel fought in a blacksmith shop at Thornhill, four miles north of Tate Springs, Tenn., and sixty miles northeast of this city. The dead are: JOHN HOLLAND.

WILL HOLLAND, brother, and WILL BUNDREN.

All are white and members of well known families.

The wounded man is Clint Winkle, a negro, supposed to have been in the employ of Bundren.

Enmity has existed between the Holland and Bundren families for the past four years. It grew out of the killing of Col. John C. Hosiery by Bruce Hosiery, father of the man killed yesterday, for which crime the elder Bundren is serving a life sentence in the penitentiary. Trouble, which was threatened Sunday, was avoided, but yesterday Bundren, accompanied by the negro, entered the blacksmith shop of the Hollands, and after a few words the firing began. Twenty shots were fired, and when the smoke had cleared away three men lay dead on the floor of the shop, and the fourth was mortally wounded. The Hollands used Winchester rifles, and Bundren and Winkle used pistols.

Will Holland and Bundren were married men, aged 35 and 25, respectively. John Holland was 25 and unmarried. The death of the Hollands will wipe out the entire family, with the exception of the parrots.

SCHOOLS CLOSED.

Smallpox Epidemic at Grand Rapids Causes Alarm.

Grand Rapids, Mich., June 13.—By order of the board of health at a special meeting all schools and churches have been closed on account of the alarming spread of smallpox, which has taken on the nature of a dangerous epidemic. Figures given out by the board of health show there are 75 cases now in the city. Of these 44 were reported the last three days of last week while seven cases were reported Sunday. The alarming feature is that it is becoming so widespread.

In Charge of I. O. O. F. Home.

Lexington, Ky., June 13.—Mr. and Mrs. George H. Kennedy, of Owenton, Ky., have been placed in charge of the Odd Fellows' Widows' and Orphans' Home, in this city, to succeed Mrs. E. F. Clay, the matron, and Prof. E. Swift, of Maysville, who has been in charge of the boys for the past year.

The change was made by the board of trustees because of an alleged friction between Mrs. Clay and Prof. Swift.

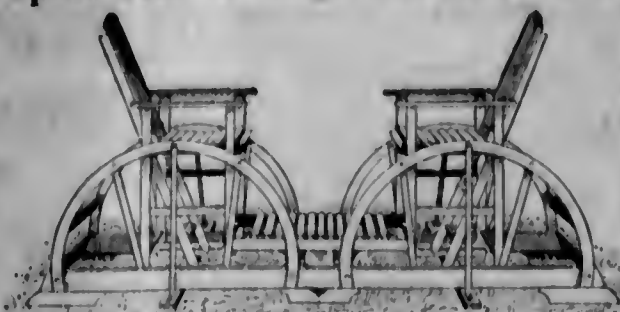

Major Burke Dead.

Mobile, June 13.—Information has been received from Honduras of the death of Major Burke, ex-state treasurer of Louisiana, whose defalcations forced him to take refuge in Honduras years ago.

Today's Schedule.
Vincennes at Paducah.
Princeton at Cairo.
Hopkinsville at Henderson.

The double header at Wallace park yesterday afternoon between Paducah and Princeton was a rather slow affair. There was a mere handful of spectators, and Paducah didn't make a score during the game. Both

were shutouts for the Indians.

Several times both teams had men on bases and good prospects for a run, but something always happened to thwart the run getting. In the ninth inning Taffe accidentally connected with a straight one and sent it to right-center. The sphere got lost in the grass and by the time Taylor and Vahrenhorst found it, Taffe was in home.

The Indians duplicated the goose egg stunt in the last of this inning and the Raylets went to the bench to rest a few minutes before attempting the second contest.

Becker was retained as boxman by the Raylets but Brachle went in to act for the Indians. He did not fare so well as South, being easier to find, resulting in another shutout at a score of 3 to 0.

The Raylets scored in three innings, one run at the time. In the third inning Kipp doubled and Becker singled, Kipp scoring. Wagner got to first on a fielder's choice when Becker was forced out at second and Fleming singled to right. Taffe fouled out to land and left Fleming on the base.

In the seventh inning another tally was made by the Raylets. In the ninth inning the Raylets got still another.

McGill and Smith were retired in order and Virgils singled, Downing singled and also did Kipp, scoring Virgils. Downing was caught while

Hens Win Last of Series.

Henderson, June 13.—By winning the last game of the four played with Hopkinsville from the Nut Students yesterday the Hens managed to break even on the series, losing two and winning an equal number. The game was good with the exception of a number of errors by the Students, and it had not been for which the score would have been more even. Morgan was in the box for the Hens and allowed but two hits, bunched in one inning, which let in the one run. Perdue did stunts on the slab for the visitors and eight hits were found from his delivery. Score:

Henderson	4	8	0
Hopkinsville	1	2	5

Batteries—Morgan and Schisell; Perdue and Rutledge.

Vincennes is here. They are the real things and we need their sculps in our business. Large crowds should cheer the Indians to victory.

No wonder the games yesterday were slow. That handful of people would make any ball player disgusted and discouraged. If baseball fans in Paducah want to enjoy the sport, they should turn out better. Paducah has a winning team, and should be encouraged. Otherwise it will be bum ball, or none at all.

See how the Cairo papers use their

hammers:
Back below the hogey again. It is almost believed by the fans that Cairo will not finish better than third place and that she will be lucky if stopping there. Some tall ball-playing, much better than has been done in the past, will have to be put up if she expects to rise.—Bulletin.

Here is what the Hopkinsville New Era says about Hopkinsville dropping out of the league:

The reporter who wrote the above certainly took on a heavy overdose of dope when he squeezed this out of his thick tank. Hopkinsville had too hard a time making arrangements for going into the league to think of withdrawing now. The club has a substantial backing both in subscription and patronage and when the flag falls at the close of the season the "Pearl of the Pennyville" will be right there and answer to her name when the final roll is called. Now don't forget this.

Charley Street, who is catching for the Boston Nationals, having been loaned to that team by Cincinnati, suffered a dislocated finger in Friday's game, but after the job had been jolted back into position he gamely went on and finished the game. The papers commented at length on his nerve in sticking to his post.—Hopkinsville New Era.

Johnnie Duggan and Lemon for Vincennes; Prakes and Land for Paducah, are the batteries for today's game. This is Ladies' Day and there will likely be a large crowd out to attend the game.

Johnnie Duggan's brother, who pitched several games for Vincennes, is not with the team on the circuit.

Evidently Andy Pett didn't make good with the Cairo fans, as news of his release has been received here.

Pett was catching excellent ball for Clarksville last season and this season tried out with St. Paul in the American association. He had an offer from Nashville and worked a few

games with this team, but started down to Greenville in the Cotton States league, when he decided he would rather play with Cairo and signed up. Cairo has also released Bellaven, an outfielder, who did not show up as well as he was "boasted."

Brush and Dreyfuss Clash.

Pittsburg, Pa., June 13.—"Come, Hurney, let's shake hands; it's all over now, and I must confess that our treatment in this city was more than I could have been led to expect. There is no use of us keeping up this quarrel."

John T. Brush, the owner of the Giants, held out his hand to Hurney Dreyfuss, owner of the Pirates, after the game on Saturday as the crowd was filling out of Exposition park. Dreyfuss cast one withering glance at Mr. Brush, but his hand remained behind his back. Then he opened up on Brush and told him what he thought of his action in the McGraw case.

NOT WANTED HERE.

Is What Police Say of Man Arrested At Evansville.

The following telegram appeared in a number of yesterday's papers: "Evansville, Ind., June 12.—Albert Murray, charged with highway robbery, at Madisonville, Ky., and Paducah, Ky., was arrested here this morning by the police. He will not return without registration papers." The local police say they know of no such man wanted here. In fact, know of no one arrested at Evansville who is wanted here.

**A Double Gain**

You admire another woman. Her appearance is a delight to the eye. You realize that her circumstances are better than your own—that perhaps you excel in advantage of face and figure—and yet you are conscious of appearing at a disadvantage. Your glance wanders at her feet. Behold! the hallmark of gentility—the "Dorothy Dodd!" You have paid, perhaps, \$5 for your shoes. Can you afford the double loss? \$3.50 for boots; \$2.50, \$3 for low cuts.

If you are in need of a Low Shoe for your boys don't fail to call on Geo. Rock and get a shoe that has some style and fit. We have made a reduction on all of our boys' Oxford, and a visit to our store will pay you.

The Walk-Over is without its equal when it comes to style and comfort. If you suffer with your feet and want a shoe to give you comfort call on Geo. Rock and get a pair of Tan Oxfords. Prices \$3.50 and \$4.00.

GEO. ROCK, 321 BROADWAY**DIED IN CAIRO****MIR. TOM L. LEE SUCCEUMS TO BLOOD POISONING.**

Lived in Paducah for Many Years But Left the City in 1894.

Mr. Tom L. Lee, a former resident of Paducah, died in Cairo this morning of blood poisoning and the body will be shipped to Paducah tonight for interment.

The deceased was 54 years of age and born in Smithland. In his early youth he removed to Paducah and engaged in the coal business, later going into the grocery business. He kept a saloon at Third and Kentucky avenue for many years and June 13, 1894, left Paducah to take up his residence in Cairo.

At the time of death he was engaged in the wall paper business and was a man of prominence in Cairo. He died from the results of an accident several years ago when during a sleaz storm he slipped down and broke an ankle but did not know the member was fractured. It grew worse until blood poisoning set in and killed him.

He leaves one son, Mr. Willie D. Lee, a sister, Mrs. Lizzie Risk, Madison, Ind.; a brother, Mr. Jim Lee, of the city; two half brothers, Messrs. C.C. Lee, of this city, and Hob Lee, of the city. He leaves two half sisters, Mrs. John Madden, of Memphis, and Mrs. Val Rush, of Cairo.

The deceased was a member in good standing of the I. O. O. F., and the remains will be brought to Paducah at 7:40 tonight and taken charge of by the Odd Fellows. The funeral arrangements will be made tonight on arrival of the body.

BOY'S THROAT CUT.

Fight at Metropolis Just Outside Sunday School.

Billy Brown, a twelve-year-old boy of Metropolis, Ill., came near being killed by a ten-year-old boy named Robert Pergande Sunday morning just after Sunday school. According to information which reached the city today, the boys quarreled in Sunday school and the last named took out a knife and opened it. The teacher made him put it up, and he placed it in his pocket, opened it, but was made to remove it and shut it.

As soon as Sunday school was out, however, it is alleged Pergande pulled out the knife, opened it, and viciously cut Brown's neck and throat at most severing the jugular vein. One of the arteries was cut, but the affair happened near a doctor's office, and the boy was quickly taken inside, where the artery was gathered and the flow of blood stopped. He is now out of danger. Owing to the other boy's age, it is likely nothing will be done with him, but the case will be referred to the grand jury, which sits next week.

DEPOT IMPROVEMENTS

Are to Be Made at Once by the Illinois Central.

Mr. W. C. Waggoner, supervisor of bridges and buildings of the Louisville division of the I. C., was in Paducah this morning looking after improvements to be put in at the depot and shops.

The blue prints for building the tank shed, to be built just northwest of the woodworking department under which to repair tanks, have about been finished and Mr. Waggoner stated that work of erecting the shed would begin at once. The material has been ordered and the work will be finished within a few weeks. The estimated cost of this one improvement will be \$3,500.

At the depot awnings will be put up in front of the ticket office to keep the sun off the operator who sits directly under the windows.

Louisville is Now Ready For Her Thousands of Reunion Guests

Louisville, June 13. Decorations with the stars and bars and stars and stripes entwined blossoming on miles of buildings along the streets told the citizens of Louisville today that the reunion week had arrived and that the city soon would be overflowing with the hosts of the United Confederate Veterans.

It is estimated that between twenty and thirty thousand visitors from all over the south and west, with a sprinkling from the north will be entertained during the week.

When Gen. Joe Wheeler, the first of the distinguished guests to put in an appearance, arrived from New York he found every detail of the arrangements for the reception of his comrades and their friends arranged.

Gen. Stephen D. Lee, commander-in-chief, with his staff and the Mississippi delegation arrived last.

The convention of the U. C. V. and

the Sons of Veterans, which will begin Wednesday, and the parade, which will take place Friday, are, of course, the principal events of the reunion, but in addition to these there will be two grand balls for the sponsors and guests of honor, besides a number of spectacles arranged for the free entertainment of the veterans.

The reunion proper begins Wednesday morning and ends Friday afternoon.

BROADWAY FINISHED.

Insurance Commissioner Now Visiting Houses North of Broadway.

Insurance Commissioner C. C. Rose has completed his work of re-inspecting Broadway houses, and states that merchants and property owners have in most cases been prompt to meet with all requirements of the insurance laws.

Commissioner Rose will start at once to work north of Broadway, and when this is finished will work south. He finds few business houses, comparatively, in bad condition as far as leaving debris and inflammable material about is concerned, and can see by looking back several years when his inspection began, that more care is taken towards preventing fire.

Wire Inspector Gillsdorf is still busy looking after wiring and has gone over several of the biggest business houses in the city.

MR. P. D. FITZPATRICK'S LITTLE SON IN A RUNAWAY.

Clung to the Seat For Six Blocks and Escaped Without Being Injured.

Johnnie, Mr. P. D. Fitzpatrick's little three-year-old son, was the hero of a lively runaway this morning. For six blocks he pluckily remained in his father's buggy behind a runaway horse, and when the animal was finally stopped, was able to smile and say he had only "started to the stable."

The little fellow had been to market with his mother, and when they reached their home at the Sans Souci flats at Ninth and Madison streets Mrs. Fitzpatrick carried some berries into the house, and left the child on the sidewalk near the horse.

When she got out of sight, he climbed in, took hold of the lines, and started the horse, and the animal soon began running away, and kept up a breakneck speed for six blocks.

Many people saw him dashing down the street with the bareheaded youngster holding desperately to the seat, and many expected the buggy to overturn or strike something and kill or injure him, but fortunately the horse kept the middle of the street until a colored man jumped out at Third and caught him.

Master Fitzpatrick informed his mamma when he got back home that he only started to the stable when the horse got away and started running as fast as it could. Fortunately he did not receive a scratch.

KENTUCKY GUNNERS ARE IT.

All records for shooting with five inch guns were broken by four gunners of the first class battleship Kentucky on the northern drilling grounds, twenty miles outside Sandy Hook last Thursday. One gunner hit fourteen shots a minute hit the target thirteen times. The second gunner fired thirteen times per minute and hit the target each time. Two other men had each twelve hits out of thirteen shots a minute.

The range was 1,600 yards, and the target was 21 by 17 feet, consisting of a painted muslin screen and floated on a raft. Rear Admiral Evans, who was in command of the squadron, said it was shooting of which any good American might be proud.

"If the squadron had been firing at enemy," said he, "there would have been no enemy in half an hour."

Rear Admiral Evans said that the squadron also established a new wireless telegraph record for warships. He said that while at Newport News the Kentucky communicated with the cruiser Maryland off Cape Cod, Mass., 500 miles away. An eighty word message was received without a break.

PLANS READY.

For Remodeling the Laundry at the I. C. Hospital.

Plans for remodeling the laundry building at the local I. C. hospital and converting it into a disinfecting quarters, have been completed and are ready to be submitted to the board for ratification.

They were drawn by Architect A. L. Lassiter and as there will be no regular meeting of the board before August, there is talk of calling a special meeting for the purpose of acting on this matter and also on the question of allowing local shop men a larger representation on the board.

There is a constant demand in certain seasons for such a ward and the officials want to have it fitted out and ready for emergencies. The improvement will cost several thousand dollars but the money will be well spent.

Daily Thought.

"Fear of failure, or lack of faith

in one's ability, is one of the most

potent causes of failure."

PRESIDENT ROOSEVELT'S DIPLO-

MACY.

Patriotic citizens of the United

States, irrespective of politics, are

proud of what President Roosevelt

has achieved in bringing about a con-

dition of peace between Russia and

Japan. He diplomatically stepped

in at the proper time, offered the good

will of the United States to two war-

ring nations in a diplomatic way, and

seems to have practically brought

about a cessation of hostilities.

This one act may mean the salva-

tion of tens of thousands of lives,

millions of dollars in money, and

priceless property, for up to the time

President Roosevelt tendered his

good offices, no move had been made

towards peace, and the wanton and

cruel progress of a modern warfare

was uninterrupted in all its terror

and destructiveness.

And the world recognizes it as a

great coup of diplomacy, and Presi-

dent Roosevelt as one of the world's

truly great men. While a few Euro-

pean papers are inclined to censure

him, a vast majority all over the

world are praising to the skies Presi-

dent Roosevelt and the people he

represents.

Although some of the rabid news-

papers are not inclined to be friendly

to President Roosevelt, our president

is said to be the most popular man in

Russia today, the St. Petersburg

correspondent of the London Times

says:

"It is no exaggeration to say that

President Roosevelt is the most popu-

lar man in Russia today. The presi-

dent's rare insight, aided by the skill

and tact of his ambassador (Meyer)

enabled him to gauge the proper mo-

ment at which to offer advice, which

the initiator of the Hague peace con-

ference could not refuse."

In London and Paris it is the same

way. The papers pay glowing tribu-

tes to President Roosevelt's success-

ful diplomacy. These tributes occu-

py the most prominent part of the

papers, especially in London, where

the Post characterizes it as both a

personal and national triumph and

declares no other man would have

ventured even to attempt what Presi-

dent Roosevelt has achieved.

The Telegraph insisting on abso-

lute sincerity of Russia in the nego-

tiations says: "Presidents had to

take into account the position of Presi-

dent Roosevelt. He is the last man

in the world to allow himself to be

made fool of, and any affront put up-

on him in either of the belligerents

would be the most wanton and inex-

plicable foolishness."

Many people, even Americans, may

pause to ask themselves why this is,

but the reason is plain. President

Roosevelt is a twentieth century Lin-

coln. He is a great man, and has

proven it in his every act. He is for

a square deal for everybody, and the

public man who is for that will make

his mark as President Roosevelt has

done.

Some light is shed on the charac-

ter and ability of our president by

Rev. Frank W. Guassulus, president

of the Armour Institute of Technology

who at a commemorative service at

the Chicago commons Sunday said:

"Capital, greed, anarchy, ignom-

iance may misunderstand as they will,

but precisely as was said in Italy in

1493, that Italy must understand

Savonarola; as was said in England,

before the nation awoke to Glad-

stone's eloquence, that England must

understand Gladstone; so I say to-

day, the United States must under-

stand Theodore Roosevelt. President

Roosevelt is as much of a surprise

as was either of these men, Savonar-

ola or Gladstone. He fits into some

of these things of the nation today

with just as little ease as Savonarola

did in Italy. He is a young man, who

doesn't care a rap for precedents, but

intends to give a square deal to all.

When a nation is following a leader

like that all you've got to do is to go

as you have been going."

The state board of health has in-

dorsed the move in Kentucky to de-

stroy the great White Plague, and

makes suggestions to aid in the work.

President J. M. Matthews, in a re-

port to the board Saturday highly

recommended the plan to establish a

tuberculosis hospital near Louisville.

Better sanitation for barber shops

was also urged and a close examina-

tion of the health conditions exist-

ing at all schools. The move at

Louisville is a good one. Everybody

in the state should indorse it, and

aid in it.

Southwest Kentucky is on a boom.

Thousands of dollars are being in-

vested in mines, and in developing

the resources of the district, and

there is every indication that this

part of the state will soon be the

best of all. The syndicate of capital-

ists that recently bought the coal

lands in Union, Crittenden and Web-

ster counties will turn loose a million

dollars in improvements, and much

of it will naturally cling to the state

and district.

It is to be hoped that Paducah will

be greatly benefited by the work of

the Commercial club, which has as-

sumed somewhat large proportions.

There are few cities that are out for

fourteen factories at the same time

with prospects of landing six of them.

Here's hoping we'll have luck.

THE CONSTABULARY

Abolished.

Washington, D. C., June 12.—The

ticle showing that Ladroneism is

again rampant in the Philippines, and

the Philippine constabulary is utterly

unable to cope with the situation.

The entire abolishment of the con-

stabulary system and the substitution

of military control in disaffected dis-

tricts is recommended.

IN THE COURTS

Wants Stock.

Seth Carlin, of Hickman, Ky., has filed suit in the circuit court here against T. B. Green, of Union City, Tenn., to attach the partnership interest of the defendant in the Paducah Waterproof company here. He claims he has paid \$1,000 into the concern and that the others have not come up with their share.

Attempted Purse Snatching.

Mrs. William Granger, of South Sixth street, near husbands, has reported a bold attempt to snatch her purse near Fifth and Clark Saturday night as she and her little son were on their way home. A well dressed young man seized her purse before it was yet dark, and tried hard to get it, but she clung to it and he could only open it and get some small change. She shouted for help and he ran away. It was not quite dark, but on account of his having his hat pulled down over his eyes she could not identify him.

Police Court.

The case against George Hall, Ernest Ozment and Edna Dunn, white, was the star case in Judge Sanders' court this morning.

The three got into a fight Saturday night in Boyd's alley and someone threw a brick in Hall's house, striking his wife. He ran out and seeing Dunn and Ozment next door, threw the brick over the fence and struck Ozment who went over to settle Hall.

Dunn had little to do with the case other than to watch it and occasionally say a few words of encouragement to Ozment. Hall did some cutting, cutting both Ozment's arms, and the court not thinking the evidence strong enough for a malicious cutting charge, fined Hall \$25 and costs, Ozment \$5 and costs, and Dunn 1 cent and costs.

Other cases were: Andrew Brown white, jumping on railroad cars, \$5 and costs; Harry Jones, white, violating Sabbath, continued; Richard Gordon, colored, immorality, dismissed; Porter Thompson, colored, breach of the peace, continued; Marlon Lucas, Harry Stone and Henry Stanford, colored, loitering about the streets, \$5 and costs, the costs to be divided.

The Benton Court.

Circuit Judge William Reed returned to Benton this morning to take up his regular docket and try cases.

Judge Reed intends to dispose of his criminal docket within two days, and will finish his court in Marshall county by next Monday, he says. The dockets are light and the only thing done yesterday was to empanel the grand jury. The petit jury was empaneled this morning and regular cases gone into trial.

Deeds.

W. B. Walters deeds to Mattie A. Broyles and others, for \$250, property in the Trimble addition.

Hessig Bankruptcy Case.

Attorney E. W. Hagley, referee in bankruptcy, is today hearing evidence in the Herman T. Hessig bankruptcy case. This is the regular examination of the bankruptcy and he was examined this morning. This afternoon his mother is being examined.

Bride Formerly Lived in Paducah.

The Louisville Courier-Journal says of a wedding that occurred in that city recently:

"A home wedding of the past week was that of Miss Lillian May Dalton and Mr. Frank M. Gardner, which was solemnized at the home of the bride's parents, Mr. and Mrs. J. M. Dalton. The house was decorated in green and white, with quantities of daisies and carnations used with plumose. The ceremony took place in the library in front of the mantel, which was banked with flowers and palms, ferns and other potted plants gave the effect of an impromptu altar, where the Rev. Neander M. Wood, pastor of the Second Presbyterian church, awaited the bride party, which entered to the strains of Mendelssohn's 'Wedding March.' The bride wore a beautiful dress of white French tulle trimmed in German valencienne lace, and her only ornament was a handsome brooch of amethysts and pearls, the gift of the groom. Instead of the regulation tulle veil, she wore a white lace picture hat, and carried white pens tied with dotted tulle.

Miss Dalton is the daughter of Mr. and Mrs. J. M. Dalton, formerly of Paducah, where her father and grandfather were for forty years among the most prominent merchants of that city. Mr. Gardner is prominently connected with the American National bank, and he is a very deserving and popular young man. Mr. and Mrs. Gardner left at 2:30 o'clock for Atlantic City, New York and Old Point Comfort, and they will be at home after July 1 at 2614 West Chestnut street.

"Among the out-of-town guests were: Mr. H. M. Dalton and daughter, Miss Dorothy, of Paducah."

They were furnished some fine music on the piano by Miss Ethel Robertson. About 7 o'clock the guests were invited into the dining room where an elegant supper had been prepared for them. They returned home on the early train this morning saying they sure spent a pleasant day in Mayfield. The crowd were composed of the following young people: Misses Katherine and Ethel Robertson; Messrs. Oscar House, Clarence Knowles, Jim Polk and Pratt Kennedy, of Paducah."

MAGNOLIA BLOSSOM

Appeals chiefly to the thousands of women whose dread of medical treatment and examinations so often keeps them silent in regard to their sufferings. To this class this simple home treatment comes as a blessing, for by its use any lady can treat herself. A few boxes will put an end to the distressing pains and derangements that years of treatment that required taking strong medicine into the stomach would not eradicate. MAGNOLIA BLOSSOM is curing hundreds of women every day, who having suffered from distressing female complaints for years and having obtained relief by the use of this simple common sense remedy, believe it their duty to come forward and testify to its merit. Hundreds of letters similar to the following are received at the company's office every day. Mrs. F. P. Waits, Morton, Miss., says she

Looks as Young as She Did 22 Years Ago

SOUTH BEND REMEDY CO.—Gentlemen: I am going to my old home in Smith Co., and I want to take some of your Remedies there with me so that they may speak in my place. All my friends there know that I have been almost dead for a long time, and I want them to see what a change your Remedies have made in me. I am told here that I look as young as I did when I was married, twenty-two years ago. My health is due to your MAGNOLIA BLOSSOM, and I am going to try and induce all my suffering sisters to give it a trial and be healed as I am. I had almost every kind of Female Disease, and spent hundreds of dollars without obtaining a cure. I was determined to fight for my life, though, and when I heard of MAGNOLIA BLOSSOM I gave it a good trial, and thank God that by the use of that noble Remedy I am today a well woman. If you think my letter will be a help to my sex you may publish same, for I am anxious to have every suffering woman give your Remedies a trial and be cured. Yours truly,
Mrs. F. P. Waits, Morton, Miss.

TO RESURVEY THE OHIO RIVER AS FAR SOUTH AS CAIRO, ILLINOIS

The Ohio river is to be resurveyed from Rising Sun to Cairo, Ill., and it is expected that the work will begin about July 1, and it will take about two years to complete it.

This was decided upon at the meeting of the board of United States engineers at their meeting in Cincinnati last week. The entire river from Pittsburg to Cairo was surveyed some time ago according to an act of congress, and it was understood that that portion of the river from Pittsburg to about Rising Sun and been accepted and the engineers will incorporate it in their report,

which is now being prepared. It was decided best to make another survey of the remainder of the distance and indicate just where it would be best to place the dams. As this work can only be done at certain seasons of the year, Chief Engineer Ruffner is of the opinion that about two years' time will be required to complete it. The board of engineers heartily approves the idea to have the river improvements in the future carried out along a concerted plan, instead of doing them by piecemeal without regard to general conditions in other sections and it is understood that the board will recommend that

either a six or nine foot stage be maintained the year around.

It is hardly probable that anything will be done anywhere around or below Louisville this summer or fall, to remove the sandbars, as there are only two government dredge boats available for the Ohio now and both are working above Louisville, but relief may be afforded next spring. It is maintained by Ohio river business men and shippers that if certain portions of the river in this vicinity were dredged conditions would be greatly relieved. It is said that the work will not take longer than a month and the cost will not exceed \$15,000.

A SMALL SCHOOL
FOR ROWLANDTOWN

Committee Investigating Ad-
visability of Erecting One.

First Payment Made by Board of Education On Mechanicsburg School—\$1,500 Borrowed.

REGULAR MEETING OF BOARD.

The board of education met in adjourned session last night with Trustees Troutman, Davis, Gallman and Farley absent, and took steps to investigate the advisability of building at least a two-room school in Rowlandtown this year on the site recently purchased.

There was no regular report from Supt. C. M. Leib as he is the middle of the month and he will not have another report until July. He stated, however, that the normal school had begun with a large attendance, and with every indication of success.

The amount owed the teachers as a balance was \$1,814.24, and it was allowed, and Miss Madge Grigsby was allowed one day's pay that had been withheld previously on account of an error in deducting for day's absent.

\$1,527 was allowed the Paducah Construction company as the first payment on the McKinley school in Mechanicsburg. On account of the school funds being exhausted for the time being, the board was authorized to borrow \$1,500 for thirty days at 6 per cent interest.

A report was filed by Trustee Sutherland showing the exact amount of insurance on each school building in the city.

The building committee was allowed further time in the matter of selling the old Mechanicsburg school to Mr. J. K. Hondurant to be used as a mission church. It has been discovered that the property is deeded to the "City of Paducah," instead of the "Board of Education," and the trustees do not know whether the board can sell the property, or the city will have to do it. Hence the deal has been up pending a settlement of the question.

Supt. of Buildings Fred Hoyer was instructed to prepare plans showing the cost of two extra rooms to the Garfield school at Ninth and Harrison street. He was also instructed to repair the roof of the Franklin school, and estimate for the benefit of the board the probable cost of putting the High school auditorium in first-class shape.

The committee on schools was instructed to investigate the advisability of building a small temporary school, if only two rooms, in Rowlandtown on the property recently bought by the board for \$3,000. There is a great demand for a school out there, and it is probable the 8-room school intended to be built cannot even be started this year. Trustee C. W. Morrison last night called attention to the growing need of a school in that locality, and at his suggestion the committee was instructed to make an investigation.

POLICE BOARD.

Held Regular Meeting and Ordered Stock Laws Enforced.

The board of fire and police commissioners met last night in regular session with Commissioner R. H. Sutherland, and Clerk Henry Bailey, both absent on account of illness in their families.

The board instructed Chief of Police Collins to have the stock laws enforced, especially that against horses and mules running at large.

Chief James Wood, of the fire department, was allowed a four days' leave of absence to attend the Kentucky Fire Chiefs' meeting at Louisville. Commissioner Mann Clark will accompany Chief Wood to Louisville to attend the meeting.

CHAPTER XXIII.

"A strike, Alvarado," cried the viceroys, filled with shame and surprise at the sight of his daughter's extraordinary boldness. "For, though I love her, I'd rather see her dead than married to the son of such a man. Drive home your weapon!" he cried in bitter scorn. "Why stay your hand? Only blood can wash out the shame she hath put upon me before you all this day. Thou hast a dagger. Use it, I say!"

"Do you hear my father's words, Alvarado?" cried Mercedes, shuddering on her knees and stretching up her hands to him. "This a sharp weapon. One touch will end it all, and you can follow."

"God help me!" cried the unhappy young captain, throwing aside the pistol and clasping his hands to his eyes. "I cannot! I have no one here a point for me? If I have deserved well of you or the state, sir, bid them strike home."

"Live, young sir," interrupted Morgan. "There are other women in the world. Come with me and—"

"If you are my father, you have but little time in this world," interrupted the Spaniard, turning to Morgan and gazing at him. "I do not but you were cruel to my mother. I hate you! I hate you! I despise you for all your crimes, and most of all for bringing me into the world. I swear to you, had I the power, I'd add another moment to your life. The world were better rid of you."

"You have been well trained by your Spanish nurses," cried Morgan tearfully, although with sneering mockery and hate in his voice, "and well you seem to know the duty owed by son to sire."

"You have done nothing for me," returned the young soldier. "You abandoned me. Such as you are, you would my father. You cast me away to shift for myself. Had it not been for these friends here—"

"Nay," said Morgan, "I thought you dead. That cursed one-eyed traitor there told me so, else I'd have sought you out."

"Glad am I that you did not, for I have passed my life where no child of yours could hope to be—among honorable men, winning their respect, which I now forfeit because of thee."

"Alvarado," said the viceroys, "this much will I do for thee. He shall be shot like a soldier instead of undergoing the punishment we had designed for him. This much for his fatherhood."

"My best, I ask it not," answered the young man.

"Slip," exclaimed Morgan, a gleam of relief passing across his features, for he knew, of course, that death was his only expectation, and he had greatly feared that his taking off would be accompanied by horrible tortures, "you, at least, are a father, and I thank you."

"Yes, I am a father, and a most unhappy one," groaned the Lara, turning toward Alvarado. "Perhaps it is well you did not accomplish your purpose of self destruction after all, my poor friend. As I said before, Spain hath need of you. You may go back to the old country beyond the great sea. All here will keep your secret; my favor will be of service to you even there. You can make a new career with a new name."

"And Mercedes?" asked Alvarado.

"You have no longer any right to question. Ah, well, it is just that you should hear. The girl goes to a convent. The only cloak for her is in our holy religion—and so ends the great race of the Laras."

"No, no," pleaded Mercedes; "send me not there! Let me go with him!" She stepped nearer to him, beautiful and unhesitating. "My father," she urged, "you love me." She threw her arms around his neck and laid her head tenderly pressed his hand. "You loved my mother, did you not?" she continued. "Think of her, condemn me not to the living death of a convent—away from him. If that man be his father, and I cannot believe it; there is some mistake; 'tis impossible that anything as foul should bring into the world a man so noble—yet I love him. You know him. You have tried him a thousand times. He has no qualities of his base ancestry. His mother at least died like a Spanish gentleman. My lords, gentlemen, some of you have known me from my childhood. You have lived in our house and have fol-

lowed the fortunes of my father; you

have grown gray in our service. Intercede for me!"

"Your excellency," said old Don Cesar de Agramonte, a man who, as Mercedes had said, had literally grown gray in the service of the viceroys and who was of birth scarcely inferior to his own, "the words of the Lady Mercedes move me profoundly. By your grace's leave, I venture to say that she hath spoken well and nobly, and that the young Alvarado, whom we have seen in places that try men's souls to the extreme, hath always conducted himself as a Spanish gentleman should. This may be a lie. Will you not reconsider your words? Give the maiden to the man. I am an old soldier, sir, and have done you some service. I would cheerfully stake my life to maintain his honor and his gentleness at the sword's point."

"He speaks well, Don Alvaro," cried Captain Gayoso, another veteran soldier. "I join my plea to that of my comrade, Don Cesar."

"Gentlemen, I thank you," said Alvarado gratefully, looking at the little group. "This is one sweet use of my adversity. I knew not I was so befriended."

"You hear, you hear, my father, what these noble gentlemen say?" interrupted Mercedes.

"But," continued Alvarado sadly, "it is not meet that the blood of the princely de Laras should be mingled with mine. Rather the ancient house should fall with all its honors upon it than be kept alive by degradation. I thank you, but it cannot be."

"Your excellency, we humbly press you for an answer," persisted Agramonte.

"Gentlemen—and you, have indeed proved yourselves generous and gentle soldiers—I appreciate what you say. Your words touch me profoundly. I know how you feel, but Alvarado is right."

"Sir," exclaimed a thin, faint old voice from the outskirts of the room, "no base blood runs in the veins of that young man. You are all mistaken."

"Death and fury," shouted Morgan, who was nearer to him. "It is the priest! Art alive? Scuttle me, I struck you down. I do not usually need to

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."

"The time-worn injunction, 'Never put off till to-morrow what you can do to-day,' is now generally presented in this form: 'Do it to-day!' That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Ross's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

Give a second blow.

"Who is that?" asked the Lara. "Hark, gentlemen, and give him access to our person."

The excited men made way for a tall, pale, gaunt figure of a man clad in the habit of a Dominican. As he crossed his thin hands on his breast and bowed low before the viceroys the men marked a deeply scarred wound upon his shaven crown, a wound recently made, for it was still raw and open. The man tottered as he stood there.

"Now, sir," said the viceroys as the priest stepped himself on a stool which willing hands had placed for him, "your name."

"Fra Antonio de las Casas, your excellency, a Dominican, from Fern. bound for Spain on the plate galloon, the Almirante Itende, captured by that man. I was stricken down by his blow as I administered absolution to the mother of the young captain. I recovered and crawled into the woods for concealment, and when I saw your soldiers, your excellency, I followed, but slowly, for I am an old man and sore wounded."

"Would that my blow had hit deeper, then false priest!" roared Morgan in furious rage.

"Be still!" commanded the old viceroys sternly. "Speak but another word until I give you leave and I'll have you gagged! You said strange words, holy father, when you came into the hall. You heard?"

"Some of the conversation, sir, from which I gathered that this unfortunate man"—pointing to Morgan, who as one of the chief actors in the transaction had been placed in the front rank of the circle, although tightly bound and guarded by the grim soldiers—"claimed to be the father of the brave young soldier."

ANOTHER OFFER

MAY BE MADE FOR THE LONG-
FELLOW SCHOOLS.

Col. H. G. Caldwell May Make the
Board of Education One
Soon.

Mr. H. G. Caldwell, of the firm of Caldwell & Holt, real estate dealers, was to have appeared before the board of education last night to offer a proposition to buy the school property at Fifth and Kentucky avenue, but failed to show up.

Mr. Caldwell had informed members of the board that he intended appearing and making an offer, and the board was disappointed because he did not make his appearance.

The committee to which the matter of selling this property was referred, has been working hard to dispose of it and secure funds to use in building other schools, and this is one reason the board can not take up the building of a Rowlandtown school this year.

The funds will be curtailed by the building of McKinley school in Mechanicsburg, and until the 5th and Kentucky avenue property is sold, the board does not feel that it should order the second new school built.

Mr. J. K. Bondurant, who made a proposition to buy the Langstaff school property in Mechanicsburg, did not close the deal on account of an irregularity in the deed. The deed was made to the city of Paducah instead of the board of education and will have to be transferred by the legislative boards to Mr. Bondurant. This is all that is holding back the sale. The deed will be examined today or tomorrow and steps taken towards remedying the matter. The purchase price agreed on is \$1,000.

THAT TIRED FEELING!

If you are languid depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist, nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, March 22, 1902: "I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fever." 50c a bottle at Alvey & List and G. C. C. Kolb, Paducah, Ky.

KENTUCKY NEWSLETS

Buy Fine Farm.

Clinton, Ky., June 13.—Mrs. W. W. Richmond and J. R. Searborough and E. B. Samuels have purchased the Rennie farm, west of Clinton, for \$14,000. The purchasers have contracted to sell to Ward & Williams 110 acres off of the east end of the tract at \$60 an acre, amounting to \$6,600. This will give Ward & Williams something over 500 acres of fine land in a body just in the edge of town, and we doubt if they would consider an offer of less than \$40,000 for their holdings.

To Build New Railroad.

Wheatcroft, Ky., June 13.—Irving H. Wheatcroft, the constructor of the Kentucky Western railroad, through Webster county Ky., has commenced the construction of a new line of

standard gauge railroad from Wheatcroft, Ky., to Providence, Ky., which runs through the finest undeveloped coal field in Western Kentucky, and promises to be the largest coal-carrying road for its mileage in this section of the country. Mr. Wheatcroft and a corps of competent engineers are now making the final location of the road. The head offices of this line will be at Wheatcroft, Ky., and the name of the new railway will be the Kentucky Midland railroad.

Killed by Lightning.

Paris, Ky., June 13.—Henry Sausley was instantly killed and George Hyatt stunned and badly burned by a stroke of lightning while seeking shelter from the fierce storm near Shawhan. The men were hunting, and when the storm broke fled to a haystack. Lightning struck a tree in Sausley's hands, set the stack on fire, killed Sausley instantly, stun-

ned and burned Hyatt, stripping the clothes from his body. Hyatt may not survive.

Hoptown's Cow Law.

Hopkinsville, Ky., June 13.—A temporary injunction has been granted by the circuit court against the enforcement of the anti-cow ordinance passed by the city council a week ago. The order is granted on the petition of Mrs. Catherine Dinna, whose cow has been running at large. The petition attacks the legal standing of three city councilmen who voted for the ordinance, claiming that the acts are null and void.

Horribly Mangled.

Mayeville, Ky., June 13.—Thomas Condin, of Mayeville, this county, was horribly mangled in a premature explosion of a blast of dynamite, and at the time it was impossible to see how he could live thirty minutes, but he will probably recover. He was

using a fishing-pole in ramming the charge when it went off.

Death Near Fulton.

Fulton, Ky., June 13.—Mrs. Ada Rawls, wife of Ben Rawls, died at her home in Ruthville, of consumption. Mrs. Rawls was daughter of Mr. and Mrs. J. J. Jones, of Ruthville. A husband and two daughters survive her.

Fulton Marriage.

Fulton, June 13.—The home of Rev. and Mrs. J. A. Scorbore was the scene of a quiet wedding when their daughter, Miss Mattie, became the wife of Mr. A. L. Miller, Rev. M. E. Dodd, of the Baptist church, officiating. Mr. Miller is a young insurance writer.

Hickman College.

Hickman, Ky., June 13.—A very prosperous session of the Hickman College under the management of

Prof. Boone, has closed. The program was very entertaining, consisting of instrumental and vocal selections, interspersed with well-delivered addresses from the seven graduates. The hall was prettily decorated with college colors. The graduates were Miss Ivy Hale, Nettie DeRow, Addie Marrell, Mildred Roanage, Della Burke and Irvin Seales and Tom Powell. Irvin Seales won the highest honor of the class and was valedictorian, and Miss Mildred Roanage was salutatorian.

OF OLD AGE.

Mr. J. G. Michaelson Died Last Night at the Home of His Daughter. Mr. J. G. Michaelson, aged 72, died at 5:30 o'clock yesterday afternoon at the home of his daughter, Mrs. Charles Michael, on South Second, between Broadway and Kentucky avenue, of old age. He was born in Germany and came

to this country 45 years ago, living in Louisville where he was once in the liquor business.

Five years ago he came to Paducah to reside with his children, and had made many friends here.

He was a member of the Knights of Honor, Independent Order of Free Sons, and other orders, and leaves the following children: Mrs. Chas. Michael, Mrs. Carrie Aultman, Mrs. Edward Cohen, and Messrs.
